Probate and Estate Administration Cost Guidance

The services we provide:

Estate Administration is the process of dealing with a person's affairs after they have died. This responsibility falls to the executor(s) of the Will or if there is no Will, those entitled under the Intestacy Rules. We appreciate that losing a loved one can be stressful and so our dedicated experienced team can help you through the process.

› Grant only service

Our Grant only service can be a cost efficient way to obtain the Grant of probate or Letters of Administration in a simple estate.

Using the information provided by the family/executors/administrators, we will draft the probate application and obtain the Grant of Probate or Letters of Administration. Upon receipt of the Grant of Probate or Letters of Administration, the family/executors/administrators will be responsible for dealing with the estate. The Grant only service is only available where no Inheritance Tax is payable.

› Full Administration service

Our full administration service is a comprehensive service which will provide you with expertise throughout the entire probate process. Although every estate differs slightly, this service could include:

- An initial meeting with you to understand the estate and explain the responsibilities associated with the role of executor/administrator.
- Contacting asset holders and any creditors to ascertain the value of the estate and obtain valuations of properties and shareholdings (where applicable).
- Placing s27 Trustee Act Notices in the local newspaper and London Gazette (if required).
- Preparing the application for the Grant of Probate/ Letters of Administration including the relevant HMRC Inheritance Tax account and liaising with you to arrange how any Inheritance Tax is paid (if applicable).
- Apply for the Grant of Representation.
- Registering the Grant of Representation with the asset holders and collecting in the estate assets.
- Arranging for any liabilities to be paid.
- Paying any legacies due.
- Preparation of full Estate Accounts showing all sums received, liabilities paid and distributions.
- Distributing the estate to the residuary beneficiaries.

Timescales:

Our Grant only service applications can usually be completed within 3 months.

Our full administration service takes longer but the majority of estates can be completed within 12 - 18 months. These timescales are for illustration purposes only and can be shorter if the estate is a simple estate. Complex estates, including certain trusts or disputed estates can take longer.

At our initial meeting, once we have further information regarding the estate, we can provide you with an estimated timescale and will keep you updated at regular intervals should the timescale change.

What it Costs:

Our fees are calculated by reference to the time actually spent on the matter and status of the person carrying out the work, unless indicated as a fixed fee.

Our charges do not include the following and if this work is required, we will provide you with a fee estimate at the relevant time:
